Moving Forward.....

We are looking at various ways of working with other organisations to enhance our membership base and educational opportunities. Discussion with the FPOA (Faculty of Psychiatry of Old Age) re combined education events has been kicked off and looks promising for 2016. Other educational events are under consideration. We are also investigating the potential of social media to promote communication between Association members.

Scholarship funds....

Just a reminder that scholarships are available for all members – if you are studying this year, attending a conference or have ideas for relevant research projects check out our website for the application details.
